September 25, 2008

Dear Shape Lovers:

On behalf of Big Brothers Big Sisters of Greater Miami, I would like to thank you for the donation of a healthy lunch to each of the participants of the Worldwide Day of Play activity hosted by the Big Fitness program. Your support of our mission to adapt a healthier lifestyle to all our matches is greatly appreciated.

Since 1958, Big Brothers Big Sisters has been serving Miami-Dade County's children and families by helping young people develop into caring, confident and competent adults. Studies have proven that kids paired with a "Big" for at least a year are less likely to skip a day of school, less likely to initiate fights, less likely to be using drugs and alcohol.

"Bigs" provide friendship and love as a role model that "Littles" can emulate. Some "Bigs" become life long friends with their "Littles". A wonderful legacy to leave for one's family and friends. A worthy investment of an individual's time and talent.

Our commitment to South Florida's children is to continue to provide the highest standard of service and to serve all children in need. Thank you for your thoughtful generosity. We are proud to count you among our family of supports

Sincerely,

Lydia I. Muñiz
Chief Executive Officer
